

Overview

Reusable Plastic Crates (RPC) in three sizes specifically designed for the New Zealand market. The unique design of the crates meets a variety of handling demands, Module in design allowing column stacking when erect and have a consistent height when folded.

Features and Benefits

- Patented lift lock latch mechanism
- Safe and easy to assemble and disassemble (no force required)
- Lowest repeat height of any RPC available in New Zealand
- Strong, robust, foldable design – reduced transport costs and storage requirements, less product damage
- Individual barcode identifier – improved track and trace options
- HACCP certified wash process
- Faster and more efficient cooling
- Scalloped sides increase capacity and reduce product damage
- Increased merchandising attractiveness

Specifications

Dimensions - in millimetres

	Length	Width	Height
External	600	400	119
Internal	577	372	107
Folded	600	400	28

Nominal Capacity and Weight

Maximum capacity	23 ltrs
	0.02 m3
Maximum load weight	10 kgs
Tare weight	1.36 kgs

Configuration and Stacking

Units per pallet layer	5
Stacked layers in transit when open	10
Stacked layers in transit when folded	125
Stacked layers for storage when open	10
Stacked layers for storage when folded	125
Return Ratio	4:1

Temperature Range

Minimum / Maximum	-10 °C / 60 °C
-------------------	----------------

Notes

Materials

Polypropylene

Recommended Use / Applications

Fresh Fruit and Vegetables
